NEW CONFIGURATION OF EASTBOUND INTERSTATE 4 (I-4) EXIT RAMP TO SAXON BOULEVARD (EXIT 111A) OPENING THE MORNING OF DECEMBER 10

NEW TRAFFIC SIGNAL WILL BE OPERATIONAL AT EASTBOUND SAXON BOULEVARD AND EASTBOUND I-4 EXIT RAMP

A new configuration of the eastbound I-4 exit ramp to Saxon Boulevard (Exit 111A) is scheduled to open the morning of Monday, December 10. The new configuration will add a traffic signal at the end of the ramp. This will give motorists exiting I-4 protected access to Saxon Boulevard and make it easier to turn left onto Finland Drive. The new ramp is also wider with two lanes at the intersection with Saxon Boulevard. During the week of December 10, motorists should expect continued construction in this area as crews finish curb and guardrail work.

The ramp shift follows a weekend-long closure that will begin at 11 p.m. on Friday, December 7, and will end by 5 a.m. on Monday, December 10. See reverse for more information and the detour route.

Closure subject to change. Construction progress, roadway conditions and weather may require schedule adjustments. Please check i4beyond.com/construction-info for most up-to-date information.
