MULTIPLE EB I-4 TRAFFIC PACING OPERATIONS SCHEDULED MAY 12-14

Traffic pacing operations are scheduled to occur between midnight and 5 a.m. May 12-14 on eastbound Interstate 4 (I-4) from Princeton Street to E.E. Williamson Road. During the operations, eastbound I-4 entrance ramps will be temporarily blocked by law enforcement officers to ensure no vehicles jump ahead of the traffic pacing operation. As the pace car passes an interchange, the eastbound entrance ramp will be reopened to allow motorists to enter I-4 and join the slow roll.

Each traffic pacing operation and temporary ramp closures of eastbound I-4 entrance ramps create a 30-minute window for crews to place beams for the new E.E. Williamson Road overpass.

Multiple pacing operations are scheduled to occur each night between May 12 and 14. Expect about half hour delays on eastbound I-4 between Princeton Street and EE Williamson Road.

Single lane closures on I-4 under E.E. Williamson Road may occur in advance, during and after the traffic pacing operations.

TEMPORARY EASTBOUND I-4 RAMP CLOSURES

| | |
|---|-------------------------------------|
| 1 | Princeton Street |
| 2 | Fairbanks Avenue |
| 3 | Lee Road (State Road 423) |
| 4 | Maitland Boulevard (State Road 414) |
| 5 | State Road (S.R.) 436 |
| 6 | S.R. 434 |

Modifications or extensions to this schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving through the work zone.
