IMPROVEMENTS TO INTERSTATE 4 (I-4) IN SEMINOLE COUNTY

The Florida Department of Transportation (FDOT) is making improvements to I-4 in Seminole County that will help keep traffic flowing more smoothly and safely. The projects include adding an auxiliary lane and resurfacing eastbound I-4 from the I-4 Ultimate project to west of Lake Mary Boulevard (FPID: 439682-3) and reconstructing the E.E. Williamson Road overpass (FPID: 439682-4). Improvements also include resurfacing both directions of I-4 from west of Lake Mary Boulevard to County Road 46A and State Road 46 to the Volusia County line (FPIDs: 439682-1, -2, -5).

- » These projects will help accommodate traffic from the eastbound I-4 Ultimate Express Lanes as well as to extend the life of the existing pavement on I-4.
- » The eastbound I-4 auxiliary lane construction project includes the realignment of the eastbound I-4 exit ramp to Lake Mary Boulevard. (See reverse side for more information.)
- » Construction on eastbound I-4 began in September 2019. Construction on westbound I-4 is scheduled to begin in summer 2020.
- » During construction, lane closures on I-4 will be limited to overnight hours between 8 p.m. and 6:30 a.m.

CURRENT

Current configuration of the eastbound I-4 exit to Lake Mary Boulevard is two right turn lanes: one to eastbound Lake Mary Boulevard and one to a right-turn-only lane to Lake Emma Road.

UNDER CONSTRUCTION

The configuration of the eastbound I-4 exit to Lake Mary Boulevard will be two right turn lanes. Both lanes take drivers to eastbound Lake Mary Boulevard. Once motorists are traveling on eastbound Lake Mary Boulevard, they can then choose to move to the right-turn-only lane to Lake Emma Road.
