Future Improvements at Interstate 4 and County Road 532 Interchange

Financial Project Identification (FPID) No.: 444187-1

The Florida Department of Transportation (FDOT) and Osceola County are coordinating on designs for improvements to the Interstate 4 (I-4) at County Road (C.R.) 532 interchange. Osceola County is designing plans to reconfigure C.R. 532 to a diverging diamond interchange (DDI). The project will also add bike lanes and sidewalks along C.R. 532 to improve bicycle and pedestrian connectivity and safety. FDOT is constructing the project, which is anticipated to begin as soon as spring 2021.

1

The intersection of ChampionsGate Boulevard and Goodman Road will be reconfigured. This intersection will restrict movements from northbound Goodman Road to right turn only onto eastbound ChampionsGate Boulevard.

2

The interchange will be converted to a diverging diamond interchange (DDI), which is safer and more efficient. In a DDI, left turns from C.R. 532 onto I-4 will no longer cross in front of oncoming traffic. This change reduces the number of signal phases, allowing more traffic to flow through the interchange per cycle.

3

The westbound I-4 exit ramp will be expanded to four lanes to provide dual right and left turn lanes onto C.R. 532.

4

The eastbound I-4 entrance ramp will be expanded to three lanes to accommodate dual left turns and a single right turn from C.R. 532.

5

The eastbound I-4 exit ramp will be expanded to three lanes to provide dual left turn lanes onto westbound C.R. 532 and a single right turn lane onto eastbound C.R. 532.

6

The westbound I-4 entrance ramp will have two lanes to accommodate single right and left turn lanes from C.R. 532.

Visit I4Beyond.com/ChampionsGate for more information about these interim projects of I-4 Beyond the Ultimate.

Future Improvements on Interstate 4 Between County Road 532 and State Road 429

Financial Project Identification (FPID) Nos.: 444329-1 and 443958-1

Interstate 4 (I-4) between County Road (C.R.) 532 and State Road (S.R.) 429 is receiving new auxiliary lanes to increase capacity and improve traffic flow. Additionally, I-4 from the Polk/Osceola County line to west of S.R. 417 is being milled and resurfaced to extend the life of the roadway. These projects are being designed and constructed by the Florida Department of Transportation. Construction is anticipated to begin as soon as summer 2021.

1

Both directions of I-4 from the Polk/Osceola County line to west of S.R. 417 will receive new pavement to extend the life of the roadway.

2

A new auxiliary lane will be added to westbound I-4 beginning at the entrance ramp from S.R. 429 and ending as an exit only lane onto C.R. 532.

3

A new auxiliary lane will be added to eastbound I-4 beginning at the entrance ramp from C.R. 532 and ending as an exit only lane onto S.R. 429.

4

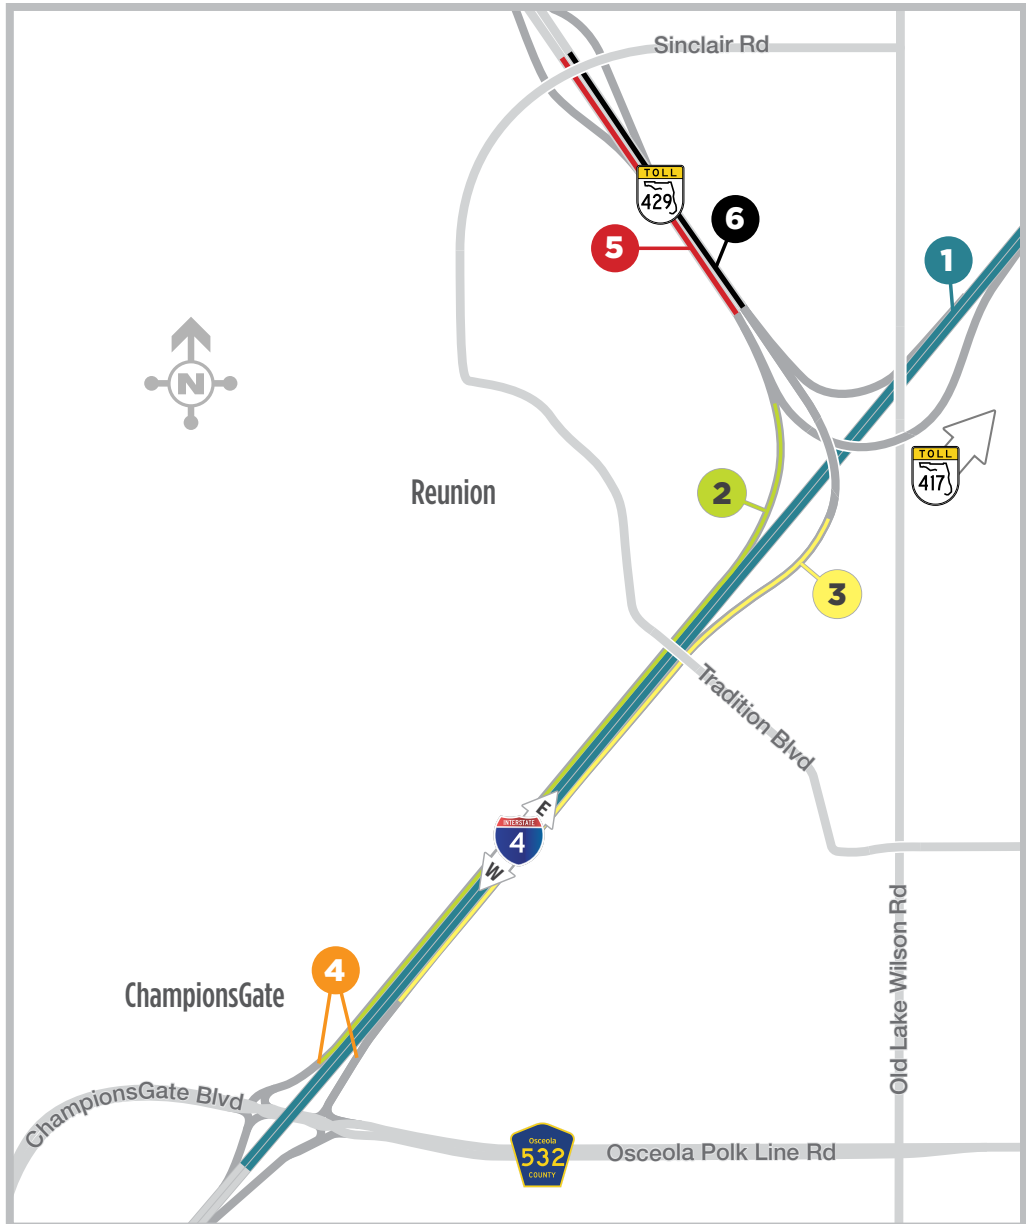

The westbound I-4 exit ramp and the eastbound I-4 entrance ramp at the C.R. 532 interchange will be widened to two lanes to increase traffic flow and capacity.

5

S.R. 429 between I-4 and Sinclair Road will be milled and resurfaced.

6

A new auxiliary lane will be added along northbound S.R. 429 up to Sinclair Road.

Persons with disabilities who require accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Su Hao, P.E., FDOT Project Manager, at 386-943-5161, or by email at Su.Hao@dot.state.fl.us. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770 (Voice).

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at Jennifer.Smith2@dot.state.fl.us.
