Resurfacing of I-4 in Osceola County from World Drive to Orange County Line

FINANCIAL PROJECT IDENTIFICATION (FPID) NO.: 447612-1

The Florida Department of Transportation (FDOT) is making improvements to eastbound and westbound Interstate 4 (I-4) in Osceola County between World Drive and the Orange County line. This project will resurface the travel lanes to extend the life of the existing roadway and help traffic flow more safely and smoothly.

The entrance and exit ramps at the I-4 interchanges at State Road (S.R.) 530/U.S. 192, and Osceola Parkway will also be repaved. No work is planned on the I-4 and S.R. 417 interchange ramps as part of this project.

Construction began in February 2024 and is expected to reach completion in late 2024.
