Traffic Advisory: Westbound I-4 Exit Ramp to Eastbound S.R. 528 to Close Overnight July 2

ORANGE COUNTY, Fla. – Motorists are advised that the Florida Department of Transportation (FDOT) is implementing an overnight closure of the westbound Interstate 4 (I-4) exit ramp to State Road (S.R.) 528 (Beachline Expressway) at Exit 72 on Wednesday, July 2.

The closure will begin as early as 10 p.m. and is expected to reopen by 6 a.m. the following morning.

See attached detour map and detour information below.

This closure is necessary for a concrete pour on the bridge. The operation at the I-4 and S.R. 528 interchange is a critical step in the project to widen the westbound I-4 exit ramp to eastbound S.R. 528 from one to two lanes, improving capacity and traffic flow at this busy interchange.

Detour Information for July 2 Closure

Motorists traveling west on I-4 who wish to access S.R. 528 will be directed to exit early at Exit 75B to southbound Kirkman Road (S.R. 435), then continue to Sand Lake Road (S.R. 482), staying in the left lane and turning left onto eastbound Sand Lake Road toward John Young Parkway (S.R. 423). Motorists will then turn right onto southbound John Young Parkway, proceeding to S.R. 528.

FDOT advises motorists to follow all posted detour signs. Construction schedules are subject to change due to weather or other unforeseen circumstances.

For more information on the improvements on I-4 at S.R. 528, visit the project website at I4Beyond.com/SR528.

Media inquiries should be directed to the FDOT Public Information Office at FDOT-D5COMM@dot.state.fl.us or by phone at (386) 943-5593.
