Traffic Advisory: Overnight Closures of the Westbound I-4 Exit Ramp to Eastbound S.R. 528 September 28 to October 1

ORANGE COUNTY, Fla. – Motorists are advised that the Florida Department of Transportation (FDOT) is implementing nightly closures of the westbound Interstate 4 (I-4) exit ramp to eastbound State Road (S.R.) 528 (Beachline Expressway) at Exit 72 from Sunday, September 28, through Wednesday, October 1.

The closure will begin as early as 10 p.m. each night and is expected to reopen by 6 a.m. the following morning, with the last closure opening on the morning of Thursday, October 2. This closure is necessary to perform bridge work.

See attached detour map and detour information below.

Detour Information for September 28-October 1 Overnight Closures

Motorists traveling west on I-4 who wish to access S.R. 528 will be directed to exit early at Exit 75B and head south on Kirkman Road (S.R. 435) to Sand Lake Road (S.R. 482), staying in the left lane and turning left onto eastbound Sand Lake Road. From there, motorists will continue east, then turn right onto southbound John Young Parkway (S.R. 423), and proceed to S.R. 528.

FDOT advises motorists to follow all posted detour signs. Construction schedules are subject to change due to weather or other unforeseen circumstances.

This work is part of the project to widen the westbound I-4 exit ramp to eastbound S.R. 528. These improvements will improve capacity and traffic flow at this busy interchange. For more information, visit the project website at I4Beyond.com/SR528.

Media inquiries should be directed to the FDOT Public Information Office at FDOT-D5COMM@dot.state.fl.us or by phone at (386) 943-5593.
