Traffic Advisory: Overnight Closures of the Westbound I-4 Exit Ramp to Eastbound S.R. 528 December 1-4

ORANGE COUNTY, Fla. – Motorists are advised that the Florida Department of Transportation (FDOT) is implementing overnight closures of the westbound Interstate 4 (I-4) exit ramp to eastbound State Road (S.R.) 528 (Beachline Expressway) at Exit 72 on the nights of Monday, December 1, through Thursday, December 4. The closures will begin as early as 10 p.m. each night and are expected to reopen by 6 a.m. the following morning, with the last closure opening on the morning of Friday, December 5.

These closures are necessary for paving work and to conduct a traffic shift. This work is part of a project to widen the westbound I-4 exit ramp to eastbound S.R. 528, which will improve capacity and traffic flow at this busy interchange upon completion.

See attached detour map and information below.

Detour Information

Motorists traveling west on I-4 who wish to access S.R. 528 will exit early at Exit 75B and head south on Kirkman Road (S.R. 435) to Sand Lake Road (S.R. 482), staying in the left lane and turning left onto eastbound Sand Lake Road. From there, motorists will continue east, then turn right onto southbound John Young Parkway (S.R. 423) and proceed to S.R. 528.

FDOT advises motorists to follow all posted detour signs. Construction schedules are subject to change due to weather or other unforeseen circumstances.

For more information about the improvements on I-4 at S.R. 528, visit the project website at I4Beyond.com/SR528.

Media inquiries should be directed to the FDOT Public Information Office at FDOT-D5COMM@dot.state.fl.us or by phone at (386) 943-5593.
